PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building web applications using React.js, Java, Spring Boot, and SQL. Strong foundation in RESTful API development, component-driven frontend architecture, and relational database design. First Rank MCA graduate (CGPA 91%) with demonstrated ability to design and deliver full stack solutions across both frontend and backend layers. Proficient in Agile methodologies, Git version control, and tools including Postman and Jira.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3

Backend: Java, Spring Boot, Spring Framework

Databases: SQL

APIs & Tools: RESTful API Design, Postman, Axios, Thunder Client

DevTools: Git, GitHub, Jira

Methodologies: Agile, SDLC

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

Dec 2025 – Mar 2026

NullClass EdTech Pvt Ltd

- Developed a full stack e-commerce web application with React.js on the frontend, implementing reusable components, state management, and responsive UI layouts using HTML5 and CSS3.
- Built backend REST APIs using Java and Spring Boot following the MVC pattern, handling product listings, user management, cart operations, and order processing.
- Designed and managed relational database schemas in SQL to store and retrieve user, product, and order data; wrote optimized queries for CRUD operations.
- Integrated frontend React components with backend Spring Boot APIs using Axios for HTTP communication, ensuring smooth end-to-end data flow.
- Tested all APIs using Postman to verify request/response integrity, status codes, and edge-case handling before frontend integration.
- Managed the project codebase using Git and GitHub for version control, committing changes regularly and maintaining clean branch history throughout the development lifecycle.

PROJECTS

Proxima – Personal Portfolio Website | *React.js, HTML5, CSS3*

- Built a responsive personal portfolio using React.js with a modular, component-driven architecture showcasing projects and professional background.
- Implemented mobile-first responsive layouts using modern CSS3 techniques to ensure consistent user experience across all screen sizes.
- Designed interactive project cards with live links and a structured Contact section to enhance professional connectivity.

Crop Yield Prediction using LSTM Algorithm | *Python, Machine Learning*

- Developed an LSTM-based deep learning model to predict agricultural crop yield with high accuracy using weather and soil datasets.
- Applied data preprocessing and normalization techniques on temperature and precipitation data to optimize model performance and reduce prediction error.

EDUCATION

Master of Computer Application (MCA) 2024 – 2026

St. Xavier's College, Palayamkottai, Tirunelveli | CGPA: 91% | First Rank Holder

Bachelor of Computer Science (B.Sc.) 2021 – 2024

Sri Sarada College for Women, Tirunelveli | CGPA: 89% | Outstanding Student Award

CERTIFICATIONS

- Information Technology – Udemy
- Full Stack Development – Greens Technology

ACHIEVEMENTS & AWARDS

- Secured First Rank in Master of Computer Application (MCA) – St. Xavier's College
- Awarded Outstanding Student and Subject Proficiency Award during B.Sc. – Sri Sarada College
- Consistent academic excellence: 91% (MCA) and 89% (B.Sc.) CGPA across all levels of education
